

LDA Georgia Annual Partners Meeting 2010

11-12 November 2010. Funded by ALDA and the Municipality of Monfalcone (Italy)

LDA Georgia annual partners' meeting was organized on 11-12 November 2010 in Monfalcone (Italy). The main activity of the event consisted in the election of a new lead partner. After four years of leading LDA partners' network, Newport CC decided to leave this position and accordingly to resign from the chair of LDA GB. Based on the decision of LDA partners, the City of Strasbourg was appointed as a new lead partner and chair of the LDA Georgia GB. The commitment of the City of Strasbourg is present in the LDA since 2006 and it increased during these years. A particular impulse in this direction was given by Mrs. Nawel Rafik-Elmrini, Deputy Mayor of Strasbourg, in charge of the International Relations. She was very supportive for this leadership.

In the scope of the LDA PM, a meeting with the Italian organization "Informest" was arranged in Gorizia (Italy). During these meeting some issues and fields of a future cooperation between Italian and Georgian organizations were discussed. New joint project ideas were agreed, too.
