

The Cooperation of Local NGOs in Building a Sustainable Platform for Cooperation in Meeting the Needs of Citizens

June - December 2010. Funded by Polish Ministry of Foreign Affairs, led by City of Poznan (Poland)

The project was a continuation and concretization of the previous project with the city of Kutaisi, called "Effective local administration". The main activity of the project focuses on the fact that six persons from Georgia were invited to complete a professional experience in Poznan. Four people from the City Hall of Kutaisi and another two from LDA Georgia, will create a special cell dedicated to creating projects and their management and cooperation with NGOs after the end of the placement. After the end of the placement, the project will have support for City Hall of Kutaisi between local government in Kutaisi and NGOs. Project was also supported by the ALDA (France) and the "Partners for Local Government" Foundation (Poland)
